Soft Skills:

Analytical Thinking, Attention to Detail, Problem Solving, Documentation, Communication

PROJECTS

Store Sales Dashboard – Excel Analytics Project

- Performed data cleaning by handling missing values, correcting formats, and removing inconsistencies.
- Executed data processing by creating new columns, categorizing data, and structuring datasets for analysis.
- Conducted data analysis using Pivot Tables to evaluate sales by month, category, channel, gender, and region.
- Built an interactive Excel dashboard using charts and slicers to support quick decision-making.
- Derived key business insights on top-performing states, customer segments, and sales channels.

Power BI Analytics Practice Project

- Created interactive dashboards using filters, slicers, and drill-down features.
- Built basic data models and relationships for analysis.
- Used multiple visualizations including bar, line, pie, donut, clustered bar, scatter, and area charts.

PROFESSIONAL EXPERIENCE

AssessInfra Technology Pvt. Ltd., Jaipur (On Site) Junior Data Analyst

March 2026 – Present

- A technology-driven company specializing in online and offline examination infrastructure and digital assessment solutions
